

INDEX TO VOLUME 50

A

- ABDOMEN**
—See also under names of organs
- abscess**
—diverticulitis with abscess formation and vaginal fistula, Richard H. Marshak, Jan., 92
- cysts**
—agenesis of the right kidney with a retroperitoneal cyst arising in a persistent metanephros (ab), M. F. Weingarten, John M. Orem, and O. C. Cox, March, 429
- ABEYHOUSE, BENJAMIN S.:** Crossed ectopia with fusion. Review of literature and a report of four cases (ab), April, 562
- ABRODIL.** See Spinal Canal Roentgenography
- ABSCCESS**
—See also Abdomen
epidural. See Spine, abscess
paraneuritic
—significance of retrograde pyelography in the diagnosis of paraneuritic abscess (ab), Hubert Mäder, March, 430
periapical
—particularly with regard to x-ray therapy (ab), T. G. Nyström, Jan., 144
- ACHONDROPLASIA**
—chondrodystrophia calcificans congenita; 2 cases (ab), Theodore H. Vinke and F. Paul Duffy, Feb., 268
- ACOSTA, EMILIO.** See **ESGUERRA-GÓMEZ, GONZALO**
- ACROMIOCLAVICULAR JOINT.** See Shoulder
- ACTINOMYCOSIS**
—bronchopulmonary actinomycosis (ab), Earle B. Kay, Feb., 239
- ADAMANTINOMA.** See Tumors, adamantinoma
- ADAMS, RALPH.** See **SILVEUS, ESTHER**
- ADENOMA.** See Bronchi, tumors; Parathyroid, tumors
- ADRENAL PREPARATIONS**
—bronchography in asthmatic patients, with the aid of adrenalin, Bernard S. Epstein, Jerome Sherman, and Eugene E. Walzer, Jan., 96
- ADRENALS**
—roentgenographic delineation of the adrenal glands with the aid of laminography (ab), Seymour F. Wilhelm, April, 559
- AGERTER, ERNEST, and ROEBINS, ROBERT:** The changing concept of myeloma of bone (ab), Jan., 132
- AEROSINUSITIS.** See Sinuses, Paranasal
- AIRBLOCK.** See Emphysema
- ALBANESE, ALFONSO R.** See **KREUTZER, RODOLFO**
- ALBOT, M. GUY and MARQUIS, GUILLEMETTE:** Study of the mucosal relief in early cancer of the stomach with the aid of pharmaco-radiography (ab), May, 709
- ALBRIGHT, FULLER:** Polyostotic fibrous dysplasia: a defense of the entity (ab), March, 426
- BURNETT, CHARLES H., PARSON, WILLIAM, REIFENSTEIN, EDWARD C., Jr., and KOOS, ALBERT:** Osteomalacia and late rickets. The various etiologies met in the United States with emphasis on that resulting from a specific form of renal acidosis, the therapeutic indications for each etiological sub-group, and the relationship between osteomalacia and Milkman's syndrome (ab), March, 426
- ALEXANDER, FRED, and WHITE, PAUL D.:** Four important congenital cardiac conditions causing cyanosis, to be differentiated from the tetralogy of Fallot: tricuspid atresia, Eisenmenger's complex, transposition of the great vessels, and a single ventricle (ab), May, 706
- ALEXANDER, JOHN, and HAIGHT, CAMERON:** Pulmonary resection for solitary metastatic sarcomas and carcinomas (ab), June, 846
- ALICANDRI, B. BRUCE.** See **HOWES, WILLIAM E.**
- ALKAPTONURIA**
—alkaptonuric arthritis: cause for free intra-articular bodies (ab), C. I. Sutro and M. E. Anderson, May, 713
- ALLEN, E. PETER:** Standardised radiological pelvimetry. I. Quantitative aspects. II. Qualitative (ab), Jan., 137
Standardised radiological pelvimetry. III. A new method of measuring the outlet (ab), Feb., 272
Standardised radiological pelvimetry. IV. Interpretation of pelvimetry (ab), March, 428
- ALLEN, EDWARD, and DONALDSON, L. BRUCE:** Diverticulitis of the colon in gynecology (ab), May, 711
- ALLEN, JOHN E.** See **SONTAG, L. W.**
- ALLYN, RUSSELL E.** See **GROSSMAN, SAMUEL L.**
- ALMY, G. M.** See **SKAGGS, L. S.**
- ALUMINUM and ALUMINUM COMPOUNDS**
—lung changes associated with the manufacture of alumina abrasives (ab), Cecil G. Shaver and Andrew R. Riddell, March, 421
—lung changes associated with the manufacture of alumina abrasives; further observations, Cecil G. Shaver, June, 760
- AMEBIASIS**
—amebic liver abscess in service personnel (ab), L. Kraefer Ferguson and Robert K. Anderson, Jan., 129
—amebic pericarditis (ab), M. L. Edwards, Jan., 127
—roentgen study of relatively early gastrointestinal findings (ab), Philip J. Hodas and Lambert Mammoser, Jan., 128
- ANDERSON, HAROLD C.** See **GEIGER, ARTHUR J.**
- ANDERSON, M. E.** See **SUTRO, C. J.**
- ANDERSON, MARGARET.** See **GREEN, WILLIAM T.**
- ANDERSON, ROBERT K.** See **FERGUSON, L. KRAEER**
- ANEMIA**
—myeloclerosis with leukoerythroblastic anemia (ab), Marcy L. Sussman, Jan., 133
- erythroblastic**
—cooley's anemia (Mediterranean anemia) in a Chinese child (ab), Annie V. Scott, May, 714
- pernicious**
—pernicious anemia and susceptibility to gastric neoplasms (ab), Henry S. Kaplan and Leo G. Rigler, May, 709
—pernicious anemia and tumors of the stomach (ab), Leo G. Rigler and Henry S. Kaplan, May, 709
- sickle-cell**
—cardiopathy of sickle-cell anemia and its differentiation from rheumatic carditis (ab), Barbara C. Halpern and Harold K. Faber, Jan., 126
- splenic**
—venous calcification in Banti's syndrome; case, Alan R. Bleich and Charles S. Kipen, May, 657
—massive atelectasis following tonsillectomy under local anesthesia; case (ab), Leroy L. Sawyer, May, 704
- ANEURYSM**
aortic
—traumatic dissecting aneurysm (ab), Djin-Yüan Guo, March, 423
—unusual longevity in aneurysm of the thoracic aorta (ab), Ralph Kauntze, March, 423
- arteriovenous**
—roentgen diagnosis of arteriovenous aneurysm of lung (ab), E. Lindgren, Feb., 262
- ANGIOCARDIOGRAPHY.** See Cardiovascular System
- ANGIOGRAPHY.** See Aorta; Heart
- ANNEGERS, J. H., and IVY, A. C.:** A method of determining the effect of various agents on gastric evacuation in man (ab), April, 558
- ANSPACH, W. E.:** Staphylococcus pneumonia in children: roentgen aspects (ab), Jan., 123
- ANTHRACO-SILICOSIS.** See Pneumoconiosis
- ANUS**
cancer
—results of treatment of epidermoid carcinoma of anus and rectum (ab), Richard H. Sweet, March, 433
- AORTA**
—intrusion of aortic root into mitral orifice in hypertensive disease: radiologic observations on living persons (ab), Frank Windholz and Charles E. Grayson, June, 848
—volume elasticity of the aorta in the intact dog (ab), L. N. Katz, et al, Feb., 276
- abnormalities**
—anomaly of aorta simulating mediastinal tumor (ab), David B. Corcoran and Frank P. Coleman, June, 847
—congenital aortic and subaortic stenosis with associated anomalies of the aorta (ab), A. Grishman, M. F. Steinberg, and M. L. Sussman, March, 423
—congenital malposition of the aortic arch. Double arch and right-sided aorta (ab), C. Patiño Mayer, et al, April, 557
—symmetrical double aortic arch; case (ab), Dean K. Crystal, Henry W. Edmonds, and Paul F. Betzold, May, 706
- aneurysm.** See Aneurysm, aortic
- coarctation**
—clinical and surgical aspects (ab), Rodolfo Kreutzer, Angel D. Gonzalez Parente, and Alfonso R. Albanese, March, 423
—clinical features (ab), Crighton Bramwell, March, 423
—coarctation (ab), M. Campbell and S. Suzman, May, 706
—new indirect radiologic sign of coarctation by superior retrograde aortography. History of its discovery (ab), Raúl Pereira and Agustín Castellanos, Feb., 276
- roentgenography.** See also Aorta, coarctation
—angiography of the thoracic aorta and coronary vessels, with direct injection of an opaque solution into the aorta, Jorge Meneses Hoyos and Carlos Gomez del Campo, Feb., 211
—complete occlusion of abdominal aorta; 2 cases diagnosed by aortography (ab), Alison H. Price and Frederick B. Wagner, Jr., Feb., 276
—radio-opacification of the chambers of the left heart and of the aorta and its branches (levo-angiocardiology) (ab), Agustín Castellanos, Argelio García López, and Raúl Pereira, Feb., 275
—translumbar aortography, an aid in the management of hydronephrotic kidney (ab), A. Keller Doss, March, 430
- APPENDIX**
—treatment of periappendicular abscesses, particularly with regard to x-ray therapy (ab), T. G. Nyström, Jan., 144
- ARANA, ROMAN.** See **MURPHY, J. P.**
- ARBUCKLE, MILLARD F.:** Treatment of inoperable cancer of the larynx with x-ray after preliminary surgical removal of the thyroid cartilages with improved classification of the larynx (ab), April, 564

- ARENDS, JULIAN:** Radiological differentiation between pericardial effusion and cardiac dilatation, Jan., 44
- and WOLF, ARTHUR:** The valvular sign. Its diagnosis and clinical significance (ab), June, 843
- ARTERIES**
See also Aneurysm; Aorta; Blood Vessels
maxillary. See Fistula, arteriovenous
pulmonary
—intralobar sequestration of lung associated with an abnormal pulmonary artery (ab), D. M. Pryce, T. Holmes Sellors, and L. G. Blair, June, 846
roentgenography. See also Brain; Kidneys
—on the technic of high retrograde arteriography in circulatory disturbances of the lower limbs (ab), Matti Sulamaa, Feb., 276
- ARTERIOGRAPHY.** See Arteries, roentgenography
- ARTHRITIS**
See also Spine
—alkaptonuric arthritis: cause for free intra-articular bodies (ab), C. J. Sutro and M. E. Anderson, May, 713
- ARTHRITIS, RHEUMATOID**
—arthritis mutilans ("main et doigt en lorgnette") (ab), Borge Nielsen and Egill Snorrason, Feb., 267
—differential diagnosis of adult rheumatic fever and rheumatoid arthritis (ab), Ephraim P. Engleman, Feb., 267
—x-ray appearances in chronic rheumatism (ab), George D. Steven, Jan., 131
- ARTHOGRAPHY.** See Knee
- ASCARIASIS**
—diagnosis of ascaris infestation by serial roentgen examination of the small intestine (ab), J. E. Lofstrom and D. A. Koch, Feb., 265
—intestinal ascaris diagnosed roentgenographically in Minnesota (ab), R. S. Leighton and R. J. Weisberg, Feb., 265
- ASCORBIC ACID**
—effect of x-rays on the ascorbic acid concentration in plasma and in tissues (ab), Carol H. Kretschmar and Frank Ellis, Jan., 145
- ASTHMA**
—bronchography in asthmatic patients, with the aid of adrenalin, Bernard S. Epstein, Jerome Sherman, and Eugene E. Walzer, Jan., 96
—carcinoma of the pancreas with pulmonary lymphatic carcinomatosis simulating bronchial asthma; case (ab), Charles F. Sweigert, Edward F. McLaughlin, and Erle M. Heath, June, 846
—in children. Treatment with radon nasopharyngeal applicator (ab), Arthur T. Ward, Jr., Samuel Livingston, and Dean A. Moffat, Feb., 281
- ASTRAGALUS**
—osteochondritis dissecans of the talus (ab), R. Beverley Ray and Edward J. Coughlin Jr., May, 717
- ATELECTASIS.** See Lungs, collapse
- ATOMIC ENERGY**
See also Radioactivity
—gross autopsy observations in the animals exposed at Bikini; preliminary report (ab), John L. Tullis and Shields Warren, June, 857
—medical sequelae of the atomic bomb explosion (ab), George V. LeRoy, June, 857
- AUERBACH, OSCAR.** See NEY, CHARLES
- AVIATION AND AVIATORS**
—aerosinusitis, with special reference to roentgen diagnosis (ab), John A. Cocke, Jan., 122
- AXELROD, DOROTHY J., and HAMILTON, JOSEPH G.:** Radioautographic studies of the distribution of lewisite and mustard gas in skin and eye tissues (ab), March, 437
- B**
- BACKACHE.** See Spine, intervertebral disks
- BACON, SAMUEL K.:** Large hydronephrosis of a true supernumerary kidney (ab), Jan., 139
- BAILEY, C. CABELL, and ROOT, HOWARD F.:** Neuropathic foot lesions in diabetes mellitus (ab), Jan., 137
- BAKER, ALFREDA H.:** Lesion of the intervertebral disk caused by lumbar puncture (ab), Feb., 271
- BANTI'S SYNDROME.** See Anemia, splenic
- BARACH, ALVAN L.:** Immobilization of both lungs produced by the equalizing pressure chamber with results of treatment in pulmonary tuberculosis (ab), March, 420
- BARCLAY, J. A.** See COOKE, W. T.
- BARDEN, ROBERT P.** See PENDERGRASS, EUGENE P.
- BARUM.** See Enemata
- BARKLEY, HOWARD T.** See SALMON, GEORGE W.
- BARSH, A. G.:** Diverticula of the duodenum (ab), March, 424
- BARTA, CHESTER K.** See PONSETI, IGNACIO
- BARTLINK, D. L.:** Myelography in intervertebral disk protrusion. Horizontal beam examination with the patient prone, Feb., 202
- BARTLETT, JAY P.** See MAIMON, SAMUEL N.
- BASTABLE, STEPHEN.** See NORMAN, JAMES S.
- BATES, MARGARET I.** See MACMAHON, H. EDWARD
- BAUER, JOHN T.** See RHINEHART, WILLIAM J.
- BAUXITE**
—contributions by Dr. Gardner to the pathology of bauxite workers' lung (ab), Andrew R. Riddell, May, 705
- BAXTER, DONALD H.** See SCHATZKI, RICHARD
- BAYLIN, GEORGE J., and GLENN, JOHN C., Jr.:** Soft tissue changes in early acute osteomyelitis (ab), June, 851
—See GLENN, JOHN C., Jr.
- and KERMAN, HERBERT D.:** Roentgen examination of the sphenoidal fissures (ab), Jan., 256
- BCG VACCINE.** See Tuberculosis
- BECKER, WALTER F.** See TAYLOR, HOWARD C., Jr.
- BECKSTRAND, GRANT:** Palliative procedures in advanced cancer of the mouth, Jan., 10
- BENDER, MORRIS B.** See FURLOW, LEONARD T.
- BENEDICT, EDWARD B.:** Limitations of roentgenology and gastroscopy in the diagnosis of diseases of the stomach: analysis of fifty-three proven cases (ab), Jan., 127
- BENNETT, GEORGE E.:** Shoulder and elbow lesions distinctive of baseball players (ab), May, 715
- BENZOPYRENE**
—effect of the combined action of benzpyrene and luminous and roentgen irradiation on the root growth of *Vicia faba vulgaris* (ab), P. Cottet and W. Minder, Jan., 146
- BÉRARD, M.** See SANTY, P.
- BERG, O. E., and KAISER, H. F.:** X-ray storage properties of the infrared (-storing) phosphors and their application to radiography (ab), Feb., 277
- BERGMAN, H. C.** See PRINZMETAL, MYRON
- BERMAN, JACOB K., POWELL, J. PAXTON, and HENNESSEY, PHILIP C.:** Mediastinal tumor (ab), June, 848
- BERYLLIUM AND BERYLLIUM COMPOUNDS**
—delayed chemical pneumonitis or diffuse granulomatosis of the lung due to beryllium, Stanley A. Wilson, June, 770
—pulmonary disease in workers exposed to beryllium compounds: its roentgen characteristics, Lucien M. Pascaud, Jan., 23
- BETATRON**
—development of the betatron for electron therapy, L. S. Skaggs, G. M. Almy, D. W. Kerst, and L. H. Lanzl, Feb., 167
—remarks about the application of the betatron in cancer therapy (ab), Henry Quastler, Feb., 282
—therapeutic principles of fast electrons (introduction to paper on Development of the Betatron for Electron Therapy), Erich M. Uhlmann, Feb., 167
- BETZOLD, PAUL F.** See CRYSTAL, DEAN K.
- BEW, DAVID F., TILNEY, ROBERT W., JR., and MAYER, WALTER, E. J.:** A review of 283,225 chest fluorograms at the United States Naval Personnel Separation Center, Lido Beach, Long Island, N. Y. (ab), June, 844
- BICHEL, JÖRGEN:** Mediastinal tumors in leukemia (ab), March, 422
- BICKEL, WILLIAM H., and BRODERS, ALBERT C.:** Primary lymphangioma of the ilium. Report of a case (ab), Feb., 271
- BIGGS, ALFRED D., and PONTIUS, GUY V.:** Intestinal obstruction of the newborn. A report of five patients successfully relieved by surgery (ab), Jan., 128
- BILE DUCTS**
—incomplete removal of the cystic duct as a factor in producing postcholecystectomy complications (ab), N. Frederick Hicken, L. B. White, and Q. B. Coray, Jan., 130
—spontaneous cholecystoduodenostomy; case (ab), Gordon J. Culver and John R. Kline, March, 425
- BILIARY TRACT**
See also Bile Ducts; Gallbladder; Liver
roentgenography
—cholangiography performed with the help of peritoneoscopy (ab), H. Royer and A. V. Solari, March, 425
—experimental studies on biliary regurgitation during cholangiography (ab), Harry W. Mixer, Leo G. Rigler, and Miguel V. Gonzalez Oddone, May, 712
- BIRATH, GÖSTA:** Pulmonary function following pneumothorax. An investigation of the volume and ventilation of the lungs (ab), March, 419
- BLACK, R.** See HOCHMAN, A.
- BLADDER**
—irradiation reactions in the bladder: their occurrence and clinical course following the use of x-ray and radium in the treatment of female pelvic disease (ab), Ernest M. Watson, Charles C. Herger, and Hans R. Sauer, April, 566
—osteitis pubis after suprapubic operations on the bladder, with report of 10 cases (ab), E. Kirz, Jan., 136
—pseudo-sphincter formation in neurogenic bladder (ab), Charles Ney, Oscar Auerbach, and Thomas I. Hoer, March, 430
—some information derived from the x-ray examination of the neck of the bladder and of the prostatic urethra (ab), Athayde Pereira, April, 563
- CANCER**
—comparison of radiation and surgery (ab), Victor F. Marshall, April, 567
- FISTULA.** See Fistula, vesico-intestinal
- ROENTGENOGRAPHY**
—excretory cystograms after voiding (ab), James R. Dillon, May, 718
- BLAIR, L. G.** See PRYCE, D. M.
- BLALOCK-TAUSSIG OPERATION.** See Heart
- BLEICH, ALAN R., and KIPEN, CHARLES S.:** Venous calcification in Banti's syndrome. Report of a case, May, 657
- BLOCK, ERIK:** Primary carcinoma of the fallopian tube (ab), March, 434
- BLOCKER, WILLIAM P.** See SPICKNALL, CHARLES G.
- BLOOD**
—preliminary observations on the effects of irradiation upon the chylomicrons in human blood, Kai Setälä, June, 803

ne, 808**BLOOD—cont.**

—arteriovenous fistula: experimental study of influence of sympathetic nervous system on development of collateral circulation (ab), Ralph A. Deterling, Jr., Hiram E. Essex, and John M. Waugh, Feb., 276

—studies of the circulation by roentgen cinematography, Nils Westermarck, June, 791

phosphorus

—osteoporosis associated with low serum phosphorus and renal glycosuria (ab), W. T. Cooke, et al, June, 851

BLOOD PRESSURE

—common peculiarities of patients with adenocarcinoma of the endometrium, with special reference to obesity, body build, diabetes and hypertension (ab), William T. Moss, June, 856

—indications for irradiation of the pituitary gland in patients with arterial hypertension (ab), Eugene P. Pendergrass, et al, Jan., 144

—intrusion of aortic root into mitral orifice in hypertensive disease: radiologic observations on living persons (ab), Frank Windholz and Charles E. Grayson, June, 848

BLOOD VESSELS

See also Arteries; Cardiovascular System; Veins

—four important congenital cardiac conditions causing cyanosis to be differentiated from the tetralogy of Fallot: tricuspid atresia, Eisenmenger's complex, transposition of the great vessels, and a single ventricle (ab), Fred Alexander and Paul D. White, May, 706

—use of radioactive sodium in the study of peripheral vascular disease (ab), Beverly C. Smith and Edith H. Quimby, Jan., 140

BLOOM, JOSEPH: Hiatus hernia (a new method of demonstrating hiatus hernia radiologically) (ab), May, 707

BLOOM, MARGARET A., and BLOOM, WILLIAM: Radio-sensitivity of erythroblasts (ab), May, 724

BLOOM, WILLIAM. See **BLOOM, MARGARET A.**

BLOM, LESTER: Nontubile ileocolic intussusception in an adult. Report of a case with cecal ulcer (ab), Feb., 266

BODY SECTION ROENTGENOGRAPHY

—cranial laminagraphy (ab), Enzo Bullo, April, 554

—primary bronchogenic cancer mistakenly diagnosed as pulmonary tuberculosis. Case reports with body section roentgenography (ab), Waldo R. Oechsli and Kenneth B. Olson, Feb., 261

—roentgenographic delineation of the adrenal glands with the aid of laminagraphy (ab), Seymour F. Wilhelm, April, 559

—value of tomography in lesions of the main bronchi and their larger subdivisions (ab), Stanley Nowell, March, 419

BOEHME, EARL J. See **CATTELL, RICHARD B.**

BOLDERO, J. L. See **BONNIN, J. G.**

BONES

See also under names of bones

—calicified medullary defects in bone (ab), Albert B. Ferguson, Jr., May, 713

—sarcoma in abnormal bones (ab), Harry Platt, Jan., 133

atrophy

—osteoporosis associated with low serum phosphorus and renal glycosuria (ab), W. T. Cooke, et al, June, 851

—renal osteitis fibrosa superimposed on senile osteoporosis. Report of a case without parathyroid hyperplasia and with ureteritis cystica (ab), George W. Cottrell, Feb., 268

—renal osteodystrophy (ab), James S. Norman, Robert Perlman, and Stephen Bastable, Jan., 132

cysts

—differential diagnosis of cystic lesions (ab), James W. Toumey, April, 560

diseases

—calcium, phosphorus and phosphatase as aids in diagnosis of bone lesions, Edmund B. Flink, Jan., 72

—cranial manifestations of fibrous dysplasia of bone: their relation to leontiasis ossea and to simple bone cysts of the vault (ab), Frank Windholz, May, 712

—disseminated granuloma inguinale of bones (ab), William J. Rhinehart and John T. Bauer, March, 427

—dysplasia epiphysealis multiplex (ab), Thomas Fairbank, Jan., 130

—leturus gravid of pregnancy and symmetrical spontaneous fractures (Milkman's syndrome) (ab), D. Stucki, Feb., 270

—juvenile osteopetrosis. Metabolic studies in 2 cases and further observations on the composition of the bone in this disease (ab), J. B. Pincus, I. F. Gittleman, and B. Kramer, Feb., 268

—polyostotic fibrous dysplasia: case (ab), J. P. Lanigan, T. G. Hardman, and J. D. H. Widdess, Jan., 131

—polyostotic fibrous dysplasia: defense of the entity (ab), Fuller Albright, March, 426

—polyostotic fibrous dysplasia in one of Negro twin girls (ab), Guy A. Caldwell and T. F. Broderick, Jr., May, 713

growth.

See also Extremities; Knee

—appearance and growth of ossification centers and increases in the body dimensions of white and Negro infants (ab), Harriet J. Kelly and Lawrence Reynolds, June, 850

—cleidocranial dysostosis with psychosis (ab), Samuel Kilgore and G. W. Lasker, Jan., 135

marrow

—changing concept of myeloma (ab), Ernest Aegerter and Robert Robbins, Jan., 132

—diffuse osteoid replacement of the bone marrow; case (ab), Emil M. Schleicher, Jan., 133

—malignant plasmacytoma of the nasopharynx; case of multiple myeloma primary in the nasopharynx, Maurice M. Greenfield, May, 661

—roentgen treatment of multiple myeloma, L. Henry Garland and Bayles R. Kennedy, March, 297

osteomyelitis

pathology. See also Necrosis, aseptic

—an epidemic of inhalation lead poisoning with characteristic skeletal changes in the children involved (ab), George Cooper, Jr., June, 851

—bone and joint lesions in leprosy: a radiologic study, Gonzalo Esquerro-Gómez and Emilio Acosta, May, 619

—infantile cortical hyperostoses; case (ab), Richard K. Whipple, Jan., 131

roentgenography

—roentgenologic aspect of certain lesions of bone: neurotrophic or infectious, John R. Hodgson, David G. Pugh, and H. Herman Young, Jan., 65

syphilis

—osseous congenital syphilis: effects of penicillin on rate of healing (ab), Allan J. Hill, Jr., Ralph V. Platou, and John T. Kometani, March, 426

tumors

—bone involvement in malignant lymphoma, William C. Coles and Milford D. Schulz, April, 458

—eosinophilic granuloma of bone (ab), Robert N. Cooley and Glenn D. Carlson, May, 714

—eosinophilic granuloma of bone; case with multiple lesions of bone and pulmonary infiltration (ab), Albert Weinstein, Herbert C. Francis, and Bertram F. Sprockin, Jan., 132

—osteoid osteoma (ab), Ignacio Ponseti and Chester K. Barta, May, 714

—osteoid osteoma associated with changes in adjacent joint; 2 cases (ab), Mary S. Sherman, Feb., 269

—roentgen appearance of ossifying fibroma of bone, Robert S. Sherman and Waldemar C. A. Sternbergh, May, 595

—roentgen diagnosis and therapy (ab), Ad. Liechti, Jan., 132

—roentgenographic features of metastases of a retinoblastoma to the long bones; case (ab), Ralph E. Rowen, May, 714

—sarcoma in abnormal bones (ab), Harry Platt, Jan., 133

—some experiences (ab), James F. Brailsford, Feb., 269

—study of the irradiation of experimental malignant bone tumors (ab), O. Schürch and E. Uehlinger, Jan., 146

BONNIN, J. G., and BOLDERO, J. L.: Air arthrography of the knee joint (ab), May, 716

EFFUSION. See Pleura

EISENMENGER'S COMPLEX. See Heart

ELBOW

—shoulder and elbow lesions distinctive of baseball players (ab), George E. Bennett, May, 715

—ulnar fracture (ab), G. J. Curry, March, 427

ELECTRONS

—development of the betatron for electron therapy, L. S. Skaggs, G. M. Almy, D. W. Kerst, and L. H. Lanzl, Feb., 167

—therapeutic principles of fast electrons (introduction to the paper on the Development of the Betatron for Electron Therapy), Erich M. Uhlmann, Feb., 167

ELECTROTHERAPY

—use of electroshock therapy in psychiatric illness complicated by pulmonary tuberculosis; case (ab), Otto A. Will, Jr., and Addison M. Duval, April, 559

ELKELES, A.: Disseminated ossified nodules in the lungs associated with mitral stenosis (ab), March, 421

ELKINS, H. B.: Preliminary report on transvaginal x-ray treatment of carcinoma of the cervix (ab), March, 433

ELLINGER, FRIEDRICH: Influence of pharmacological agents on effects of irradiation, Feb., 234

ELLIS, F., JENNINGS, W. A., and RUSS, S.: Accuracy in radon work (ab), March, 436

—See **KRETZSCHMAR, CAROL H.**

EMPHYSEMA

—airblock in the newborn infant (ab), George W. Salmon, Gilbert B. Forbes, and Harbert Davenport, Jan., 125

EMPHYSEMA

—spontaneous emphysema with acute right ventricular strain (ab), Arthur Klein, April, 557

EMPHYSEMA

—pulmonary emphysema and tuberculosis: a roentgenological and pathological study (ab), Albert Guggenheim, May, 704

EMPHYSEMA

—hemothorax and emphysema in a thoracic center (ab), George N. J. Sommer, Jr., and Waldo O. Mills, Feb., 261

ENCEPHALOGRAPHY. See Brain; Cerebellum

ENDOCARDITIS

—Lutembacher's syndrome complicated by acute bacterial endocarditis; case diagnosed during life (ab), Arthur J. Geiger and Harold C. Anderson, Jan., 126

ENDOCRINE GLANDS

See also under names of glands, as Pituitary Body; Thyroid

—endocrine factors in pelvic tumors, with a discussion of the Papanicolaou smear method for diagnosis, A. E. Rakoff, Feb., 190

ENEMATA

—accidental filling of urinary tract during barium enema; case, S. Paul Perry and W. Dan Haden, April, 539

ENGLEMAN, EPHRAIM P.: Differential diagnosis of adult rheumatic fever and rheumatoid arthritis (ab), Feb., 267

ENGLISH, P. B.: Calcification occurring in the eye (ab), March, 417

EOSINOPHILS

—eosinophilic granuloma of bone (ab), Robert N. Cooley and Glenn D. Carlson, May, 714

—eosinophilic granuloma of bone: case with multiple lesions of bone and pulmonary infiltration (ab), Albert Weinstein, Herbert C. Francis, and Bertram F. Sprockin, Jan., 132

—solitary eosinophilic granuloma of rib; case (ab), B. G. P. Shafer and L. Scheman, Feb., 269

EPILEPSY

—focal epilepsy: correlation of the pathological and radiological findings, Donald L. McRae, April, 439

EPIPHYSES

—chondrodystrophia calcificans congenita; 2 cases (ab), Theodore H. Vinke and F. Paul Duffy, Feb., 268

—dysplasia epiphysialis multiplex (ab), Thomas Fairbank, Jan., 130

—experiences with epiphyseal arrest in correcting discrepancies in length of the lower extremities in infantile paralysis. A method of predicting the effect (ab), William T. Green and Margaret Anderson, May, 716

—Scheuermann's disease (vertebral epiphysitis) (ab), A. P. Lachapelle and C. Lagarde, Jan., 135

—unclassified premature cessation of epiphysal growth about the knee joint (ab), Otto C. Kestler, May, 716

EPSTEIN, BERNARD S.: Low back pain associated with varices of the epidural veins simulating herniation of the nucleus pulposus (ab), April, 560

—**SHERMAN, JEROME, and WALZER, EUGENE E.**: Bronchography in asthmatic patients, with the aid of adrenalin, Jan., 96

ERF, LOWELL A.: Leukemia (summary of 100 cases) and lymphosarcoma complicated by pregnancy. Cellular changes produced in guinea pigs by extracts of "leukemic" placenta (ab), Feb., 280

ERICKSON, R. J.: Pulmonary tuberculosis, early and differential diagnosis (ab), Feb., 258

ERRERA, M.: Action of x-rays on the nucleoproteins of the cellular nucleus (ab), Jan., 145

ERSKINE, ARTHUR W.: The management of advanced cancer of the breast, Jan., 7

ERYTHEMA NODOSUM

—(ed), May, 694

ERYTHROBLASTS. See Anemia, erythroblastic; Erythrocytes

ERYTHROCYTES

—radioactivity of erythroblasts (ab), Margaret A. Bloom and William Bloom, May, 724

—studies on the coronary circulation. II. The collateral circulation of the normal human heart by coronary perfusion with radioactive erythrocytes and glass spheres (ab), Myron Prinzmetal, et al, Feb., 274

ESGUERRA-GÓMEZ, GONZALO, and ACOSTA, EMILIO: Bone and joint lesions in leprosy: a radiologic study, May, 619

ESKILDSEN, PREBEN, and MÖLLER, P. FLEMMING: On the incipient stages of porcelain silicosis (ab), Feb., 260

ESOPHAGUS

—congenital atresia, with tracheo-esophageal fistula; report of additional cases (ab), William H. Bradford, Feb., 262

—spontaneous rupture of the esophagus; report of case with recovery (ab), Norman W. Frink, April, 557

ESOPHAGUS

—supervoltage roentgen therapy of carcinoma (ab), Franz Buschke and Simeon T. Cantril, March, 433

ESOPHAGUS

FISTULA. See Fistula

FOREIGN BODIES. See Foreign Bodies, in air and food passages

FOREIGN BODIES

—hemangioma of the esophagus in infancy (ab), Charles F. Ferguson and Lorye E. Hackworth, March, 434

—leiomyoma; report of a successful resection (ab), Paul W. Schafer and C. Frederick Kittle, Feb., 263

—polypoid tumors; clinical, anatomic, radiologic, and therapeutic considerations (ab), Enrico Bozzi and Pier L. Cova, Feb., 263

—**ESSEX, HIRAM E.** See **DETERLING, RALPH A., Jr.**

EUSTACHIAN TUBE

—radiological examination of eustachian tube in cases of chronic otitis (ab), Solve Welin, March, 418

—lymphoid tissue. See Nasopharynx

EVANS, NEWTON. See **EDMONDSON, HUGH A.**

EVANS, TITUS C.: Effect of small daily doses of fast neutrons on mice, June, 811

EVELYN, KENNETH A.: Medical applications of artificial radioactive isotopes (ab), March, 436

EXTREMITIES. See Legs

EYES

—calcification occurring in the eye (ab), P. B. English, March, 417

—effect of grenz rays on leprosy infiltrations. Response of lesions of the anterior portions of the eyeball (ab), F. Sagher and B. Miterstein, June, 856

—effect of irradiation, immunity and other factors on vaccinal infection. A review illustrated by the report of a secondary ocular infection treated with roentgen rays (ab), Hal W. Pittman, Lawrence B. Holt, and George T. Harrell, May, 723

—management of non-magnetic intraocular foreign bodies (ab), Harvey E. Thorpe, Feb., 257

 - lung calcifications and histoplasmin-tuberculin skin sensitivity (ab), L. W. Sontag and John E. Allen, April, 555
 - pulmonary calcifications and sensitivity to histoplasmin in Charleston, S. C. (ab), J. I. Waring, and D. B. Gregg, Jan., 123

TUBERCULOSIS, PULMONARY

- apical scars: their etiological relationship to tuberculous infection (ab), E. M. Medlar, April, 554
- bronchiectasis secondary to primary tuberculous infection in infancy (ab), T. Valledor, March, 420
- coexisting tuberculosis and coecidioidomycosis (ab), Harold Rifkin, et al, Feb., 258
- immobilization of both lungs produced by the equalizing pressure chamber with results of treatment in pulmonary tuberculosis (ab), Alvan L. Barach, March, 420
- in Chinese students (ab), J. C. Tao, May, 703
- use of electroshock therapy in psychiatric illness complicated by pulmonary tuberculosis; case (ab), Otto A. Will, Jr., and Addison M. Duval, April, 555
- in industry**
 - massive conglomerate tuberculo-silicosis simulating pulmonary neoplasia; case (ab), Warriner Woodruff and Winfield O. Kelley, April, 556
 - nodulation with superimposed infection in lungs of foundry grinders and burners; 4 unusual cases (ab), L. E. Hamlin, May, 705

- in sailors**
 - a critique of tuberculosis control (ab), Harold A. Lyons, June, 844
 - a review of 283,225 chest photofluorograms at the United States Naval Personnel Separation Center, Lido Beach, Long Island, N. Y. (ab), David F. Bev, Robert W. Tilney, Jr., and Walter E. J. Maher, June, 844
- routine photofluorographic examinations of navy and marine corps personnel: end results (ab), Sidney A. Britten and Wilbur V. Charter, June, 844

- in soldiers and veterans**
 - tuberculosis in discharged soldiers (ab), William P. Swisher, April, 555

- mass roentgenologic surveys**
 - community-wide chest x-ray surveys. I. An introduction to the problem (ab), Francis J. Weber, March, 419
 - inherent efficiency of the x-ray methods used in the detection of tuberculosis (ab), Russell H. Morgan, Herman E. Hilleboe, and Ira Lewis, Jan., 123
 - national campaign for a total population chest survey. Statement of policy to the members of the Radiological Society of North America, Inc. (ed), Jan., 98
 - tuberculosis in discharged soldiers (ab), William P. Swisher, April, 555

- roentgenography.** See also Tuberculosis, Pulmonary, mass roentgenologic surveys
- early and differential diagnosis (ab), R. J. Erickson, Feb., 258
- inhibition of primary tuberculosis by BCG. A study in children, based on 13,470 chest roentgenograms (ab), Irwin S. Neiman and Erhard Loewinsohn, May, 703
- primary bronchogenic cancer mistakenly diagnosed as pulmonary tuberculosis. Case reports with body section roentgenography (ab), Waldo R. Oechsli and Kenneth B. Olson, Feb., 261

- pulmonary carcinomatosis simulating pulmonary tuberculosis; 4 cases (ab), G. T. O'Brien, Feb., 261
- pulmonary emphysema and tuberculosis: a roentgenological and pathological study (ab), Albert Guggenheim, May, 704
- pulmonary tuberculosis simulating bronchogenic carcinoma; 4 cases (ab), Anibal R. Valle and M. Lawrence White, Jr., March, 420
- routine chest roentgenograms of hospital admissions (ab), G. Newton Scatchard and Diana O. Duszynski, June, 845

- TULAREMIA**
 - pulmonary type of tularemia (2 cases) (ab), A. C. MacKinnon, March, 421

- TULLIS, JOHN L., and WARREN, SHIELDS:** Gross autopsy observations in the animals exposed at Bikini. Preliminary report (ab), June, 857

TUMORS

TUMORS, angioma—cont.

- primary lymphangioma of ilium; case (ab), William H. Bickel and Albert C. Broders, Feb., 271
- radioactive phosphorus as an external therapeutic agent in basal cell carcinoma, warts and hemangioma (ab), Bertram V. A. Low-Beer, May, 722

cholesteatoma

- x-ray diagnosis of cholesteatoma in the temporal bone (ab), Solve Weilin, March, 417

experimental

- study of the irradiation of experimental malignant bone tumors (ab), O. Schürch and E. Uehlinger, Jan., 146

fibroma

- roentgen appearance of ossifying fibroma of bone, Robert S. Sherman and Waldemar C. A. Sternbergh, May, 595

hemangioma

- See Kidneys, tumors

lymphoma

- See also Hodgkin's Disease; Leukemia
- bone involvement in malignant lymphoma, William C. Coles and Milford D. Schulz, April, 458

lymphoid tumors

- Hugh F. Hare, William C. Mulry, and C. Franklin Sornberger, April, 506

malignant lymphoma

- value of radical surgery in selected cases (ab), C. Alexander Hellwig, March, 431

observations on radiation-induced lymphoid tumors of mice

- (ab), Henry S. Kaplan, Jan., 144

of the conjunctiva

- Milford D. Schulz and Parker Heath, April, 500

melanoma

- treatment of malignant melanoma; report of 862 cases (ab), George T. Pack, S. L. Perzik, and Isabel M. Scharnagel, March, 431

metastases

- distant metastases of 58 renal neoplasms: case of secondary metastatic pulsations from a renal tumor (ab), Brodie C. Nalle, Jr., Feb., 273

myeloma

- See Bones, marrow

myoma

- esophageal leiomyoma; report of a successful resection (ab), Paul W. Schafer and C. Frederick Kittle, Feb., 263

neurinoma

- neurinomas of the cerebellopontine recess; clinical study of 160 cases including operative mortality and end results (ab), Antonio Gonzalez Revilla, March, 416

neurofibroma

- of posterior mediastinum (ab), I. Darin Puppel, April, 557

osteoma

- ostoid osteoma (ab), Ignacio Ponseti and Chester K. Barta, May, 714

osteoid osteoma

- associated with changes in adjacent joint; 2 cases (ab), Mary S. Sherman, Feb., 269

paraganglioma

- roentgen manifestations in the skull of metastatic carotid body tumor (paraganglioma), of meningioma and of mucocle; 3 unusual cases (ab), Eugene P. Pendergrass and David Kirsh, Feb., 256

polyp

- polypoid tumors of the esophagus: clinical, anatomic, radiologic, and therapeutic considerations (ab), Enrico Bozz and Pier L. Cova, Feb., 263

radiation therapy of recurring nasal polyposis

- (ab), J. Parkes Findlay, June, 854

retinoblastoma
